FROM THE DESK OF THE DIRECTOR

DR. BAZLUL HAQUE

The global economic scenarios, the rapid rate of technological advancement, the information revolution, all have initiated new series of challenges as opportunities. Today, change is so rapid that the educational system has kept itself abreast with the latest development. The educational institutions thus have to take the responsibility of developing and nurturing their students. The requirement of skilled manpower has been grown in the industries not only quantitatively but also qualitatively. Elite Institute of Engineering and Management established in 2009 as a constituent of PINNACCLE GROUP OF INSTITUTIONS to serve the society by delivering quality engineering education to pass out of schools and transforming them into employable managers, technocrats etc. And above all good citizens of India. Elite Institute of Engineering and Management is an institution that aims at the complete development of the students and staffs are hand-picked and trained to ensure that the students are given possible support in all their endeavours, academic or otherwise. It is a multi disciplinary institution which provide students with an outstanding learning environment and life changing opportunities that will prepare them for success. The teaching and training methodology is aimed not only at improving the academic performance of our students in the examinations but also in improving the acceptability of our students in the job market.

After 14 years of services, we feel proud that thousands of our students have established their identity in industries, government organizations, tran-national companies in different capacities, functional areas and work; environments through their technical skill, behavioural features. During these years, the college has grown up in infrastructures, social as well as knowledge capital. To uphold the spirit embedded in the three words, the college has attained ISO 9001:2008 certification. Apart from this, the Institution provides necessary infrastructure and a team of highly qualified and motivated faculty, all under one roof, for the student community. We have shown our excellence in first two years of operation and rated one of the best polytechnic institutes in West Bengal.

Our Group's collaborations with industry and strategic alliances and partnerships with some of the renowned companies and MNCs have resulted in successful placement of our students in reputed companies. An unending list of companies visits here to recruit students of this college.

On the basis of this vast professional experience we have decided to start a Degree College and now it has started in the name and style Elite Institute of Engineering at Gholia, Sodepur, Kolkata – 113. Elite College of Engineering initially starting with Mechanical Engineering, Civil Engineering, Electrical Engineering and Computer Science & Technology Courses and all are approved by AICTE. More Trades will be introduced in Future. After the completion of the course, Students have scope of getting jobs in Govt., semi Govt. & Private Sectors.

Pinnacle Group of Institution has also started an I.T.I college in the name and style Luthfa Private Industrial Training Institute duly approved by NCVT, New-Delhi and Diploma College in the name and style Luthfa Polytechnic Institute at Molandighi, Durgapur – 713212 approved by AICTE.

Looking around the Institution's beautiful and peaceful campus, it is easy to nature the creative buds of our students so that they can open their wings and can fly high to achieve greatest heights. As we believe it is possible for each and everyone of us to make a difference with our efforts and vision. We have added or enhanced a lot of facilities in the institute which includes boys and girls hostels with more number of seats, 1 in-campus medical facility. Our students are encouraged to widen their knowledge base and study beyond the confines of the syllabus. This is evidenced by the extensive library facilities in the Institutions, both physical and virtual. WE have combines our resources to bring you the finest, most comprehensive way of education.

I welcome; the newly admitted students to the portals of this great educational institution and wish them a memorable, meaningful and rewarding tenure and emerge as world-class engineers, architects or scientists. I would urge upon them to prove as good human beings and worthy citizens of the great country, India.

DR. BAZLULHAQUE

Director, President (Managing Trust)

FROM THE DESK OF THE SECRETARY

MR. SAJAL GHOSH

Welcome to another exciting year at Elite Engineering & Management (EIEM) and Elite College of Engineering (ECE) under Pinnacle Group of Institution.

EIEM & ECE are rich in tradition and culture and we are doing our level best to maintain the essence that makes EIEM & ECE great and at the same time, introduce new ideas and programs that are aimed at taking the college to greater heights. The world around us is changing but that does not mean we have to abandon old values that have helped create the wonderful environment that is established at EIEM & ECE.

We continue to stress the essence of quality within our colleges and at the same time, reinvigorate the academics, placements and extra-curricular activities. This cannot be done by just one person; it is the culmination of quality work by students, staff, parents, and the community.

The green campus of EIEM & ECE is a wonderful place for students from diverse backgrounds to grow educationally, get involved, and have a meaningful college experience. In every way that colleges are measured in academically as well as placement of students, Pinnacle Group of Institutions excels in both the field and we also assure the new entrants (first year students) that we are providing a campus free from RAGGING.

We are proud that EIEM & ECE will be taking active role in providing worthy and educated students who will be the torch bearers of our nation in the coming years. Our vision of producing quality engineers and technologists from our college (EIEM) since the year 2009 has come true and we are looking forward to many more such years. With the motivation and efforts to the management, staff and students our aim and goal has been achieved and we are proud to have produced the 4th batch of self-disciplined, motivated and confident young men & women who will do our country proud.

We are indeed grateful to our staff with-out whose efforts this would not have been made possible. The Faculty members are well informed and are well equipped to work in teams and in a dynamic atmosphere. The college authorities and heads of the department hold meaningful discussion to identify and solve the problems related to students in academics.

Wish all our students and faculty a successful and rewarding career.

MR. SAJAL GHOSH

Secretary (Managing Trust)

FROM THE DESK OF THE MANAGER CO-ORDINATION

MR. SANKAR RAY

We are elated to declare that Elitte College of Engineering the sister concern of well reputed Elitte Institute of Engineering and Management has ushered into reality. EIEM & ECE believe in contributing quality education and constructing future for the budding Engineers. In this incessantly developing job world, our mission is to create a broad horizon of education and profile.

The campus environs a pollution free, green ambience adept for education. Not only within the boundaries of syllabus, both the institutions aim at allied awareness programs, co-curricular activities sports and comply with it. The well-fortified laboratories and workshops are planned and designed considering the students need with best of utility.

EIEM & ECE aim at career building and inscribing goal orientation in students. They are provided with quality education and proper grooming by the competent Faculties. We aim at harnessing technological growth to prosper in name and quality. We also ingrain discipline and punctuality in each student which paves their way towards professionalism individualism.

The well equipped and advanced library enables the students to develop themselves and pave their way towards a fruitful dimension. Other facilities like Canteen, Common Room and also conveyance and properly set keeping in mind the necessity of the students.

EIEM is offering Diploma programs in Mechanical Engineering, Civil Engineering, Electrical Engineering, Electronics and Tele-communication Engineering, Computer Science & Technology, Automobile Engineering as well as ECE Incorporates B.Tech programs in Mechanical Engineering, Civil Engineering, Electrical Engineering and Computer Science Engineering.

The placement scenario has added feather to the cap. Year by year the placement graph has mounted and presently 80% of our students have been placed in both on-campus drives. Our Institutions believe in motivation, employment and goal-orientation; thus we Entrepreneurship Development programs and also encourage our students to pursue higher studies apart from job vantage.

To addend, I believe in being “better” than being “best”, as the former has no limit. Thus EIEM and ECE is a team work. The unit is always evolving with newer and updated innovations to keep up the name, fame and success for a continuous epoch.

MR. SANKAR RAY
Manager Co-ordination

FROM THE DESK OF THE PRINCIPAL

DR. K. HAZRA

A desire can change nothing; a decision can change something but a determination can change everything". A mushroom growth of technical institutions has taken place in the last few decades in our country with a main objective to produce quality technocrats as well as to produce more engineers based on the needs of the present and future.

The Elite College of Engineering has started his journey since 2015 with a focus to produce engineers for tackling professional challenges.

The college is offering degree programmes in Electrical Engineering, Mechanical Engineering, Civil Engineering, Computer Science and Engineering, Computer Science and Engineering (AIML), Computer Science and Engineering (IOTCSBC) and MBA. All the programmes are approved by AICTE and affiliated to MAKAUT.

The college has qualified, experienced and dedicated faculty members who devote their time not only to the teaching learning process but also for the overall development of the students as a whole. We invite experts from other renowned institutions for delivering lectures to augment their studies, sometimes even beyond the syllabus. We also provide adequate industrial training in their fields of their study. The faculty members are being sent for faculty development program to improve their knowledge/skills in emerging areas.

We are dedicated to deliver educations that satisfy the requirements of today's world. Today, education is not restricted to text books and practical implementations but it is a step ahead.

We encourage and inspire our students to do well in their academics and also to get involved in co-curricular activities in to take up challenges, improve interpersonal skills and personality, be self-dependent and above of all have a worthy time while learning and as a human being.

The Elite College of Engineering has established a strong Industry links for our student's engagement. The companies include Globsyn, HCL, High Tech Next Engineering and Telecom Pvt. Ltd, Kolkata, Adani Solar, Tega Industries, HCC Ltd., Ramky Group, Duttcon Consultant, Rashmi Group, Capgemini, Vedika Machinery Pvt Ltd, Siberian Refrigeration LLP, Cube Construction Engineering Ltd and many more. Apart this many of our students has engaged/are working in Government/ MNC. The infrastructure of the college has been accomplished with state of the facilities/modern equipment.

Apart of the academic activities, we also provide significant facilities to our students for extra-curricular activities like sports, games, cultural activities and other activities.

I am sure, with the active cooperation of all our stakeholders, students, faculty, staff, collaborates, parents of students and community at large, we will be able to fulfil the motto of Elite College of Engineering.

I am also sure that this college is going to occupy noticeable place among the technical institutions of our country.

I congratulate all teaching and non-teaching staff, editorial board for publishing this prospectus.

I wish all the best to all our prospective students.

Wish you all the best.

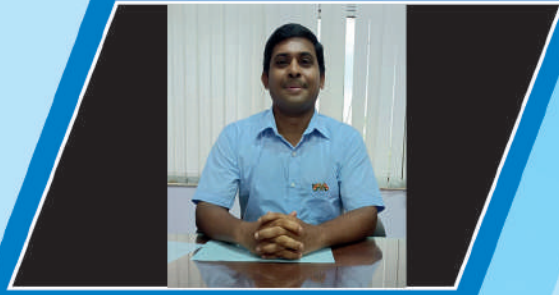

DR. K. HAZRA

Principal

FROM THE DESK OF THE

OFFICER IN-CHARGE

MR. CHANDAN CHOWDHURY

It was in 2009 that Elitte Institute of Engineering & Management came into existence as a Polytechnic offering 3 years Diploma courses in Automobile Engineering, Civil Engineering, Computer Science & Technology, Mechanical Engineering, Electrical Engineering and Electronics & Tele-communication.

Education with EIEM provides a well disciplined and well planned systematic running of semester through well balanced education. At our Institute, we take immense pride in the fact that our students receive the best quality education. This is made possible by following very high standards of teaching and learning. Our excellence is not just confined to the classroom; we are also notably active in conducting conferences, workshops, seminars, guest lectures and other co-curricular activities. These activities expose students to aspects beyond the curriculum, thus adding high value to their professional success. The magnificent infrastructure of EIEM sets the right ambience for an excellent teaching learning environment combined with the use of the finest technology. These technologies have been tremendously successful in facilitating a highly effective learning environment.

At EIEM, placement of our student is of prime importance to all of us. Institute focusing on the holistic development of individual students for innovation, entrepreneurship, skill development, internships at top companies in India. Our association with leading industries as well as MOUs with reputed companies has resulted in a strong liaison with top rated companies of India. Our students get placed in many reputed MNC companies across India that visits to our college for placement activities.

We look forward to a larger number of qualified students aspiring to join EIEM every year. We particularly invite ambitious students who ultimately become job creators/ entrepreneurs than mere job seekers.

I invite you to our EIEM campus and experience the difference with new breed of budding Technocrats of tomorrow.

"Wishing you all the success"

MR. CHANDAN CHOWDHURY

Officer-In-Charge, EIEM

about
ELITTE

Welcome to ELITTE COLLEGE OF ENGINEERING. We are moving through a period of rapid Technological change in the realm of industries. A missed opportunity could mean the demise of the firm or even the industry. It is essential not to overlook the fact that it is the application and consequences of these changes which are wealth creating-not the technological developments themselves. For the creation of wealth, technological change must be harnessed to provide improved or new products within the time scales and costs commensurate with competitive market needs. This is the central theme of engineering management in manufacturing industry. It involves many tasks including product innovation

and the product realization process. To face the challenges the management will invariably go for getting the right people, aiming at the right targets, encouraging innovation through competition and developing awareness of the social and other consequences of new technology. The responsibility of the institution will be to generate right type of technical manpower who will be in a position to meet up the craze of industries. The syllabi should be highly flexible and laboratories and workshops should be well equipped. Industry institute interaction should be built up and this should go a long way to build up industry institute partnership.

OUR VISION

We are moving through a period of rapid Technological change in the realm of industries. A missed opportunity could mean the demise of the firm or even the industry. It is essential not to overlook the fact that it is the application and consequences of these changes which are wealth creating--not the technological developments themselves. For the creation of wealth, technological change must be harnessed to provide improved or new products within the time scales and costs commensurate with competitive market needs. This is the central theme of engineering management in

manufacturing industry. It involves many tasks including product innovation and the product realization process. To face the challenges the management will invariably go for getting the right people, aiming at the right targets, encouraging innovation through competition and developing awareness of the social and other consequences of new technology. The responsibility of the institution will be to generate right type of technical manpower who will be in a position to meet up the craze of industries. The syllabi should be highly flexible and laboratories and workshops should be well equipped. Industry institute interaction should be built up and this should go a long way to build up industry institute partnership.

OUR MISSION

We live in a time of revolutionary change. Not only is the world relying increasingly on technology for economic growth and job development, but the nation is making the difficult transition of refocusing a significant amount of its technology investment from national security to international economic competitiveness. At the same time we view technology as important in helping to solve many difficult societal problems. Within this technological context, engineers play an ever more significant role. Engineering is an ideal education for living and working in the technologically--dependent society of the twenty first century. Apart from our missions as reflected above, our missions that an academic institution imparting professional courses should have towards the society at large, are embodied in a nutshell below :--

- Development of human resources so as to add value to product and services.
- Improvement of quality of life of the people in general and the local in particular.
- To keep pace with the rapid changes taking place in

the socio-economic, industrial and technological scenario as we perceive in the Twenty First Century.

- To build up rapport with the industries and encourage industry institute interaction with a motto to create industry--institute partnership in the future days to come.
- Dissemination of gainful knowledge which is the permanent remedy for poverty, corruption and exploitation.
- To organize seminars, conferences, symposia and such other activities with a view to making general public familiar with and appreciative of the quantitative view inter alia, social, literary and aesthetic thoughts leading to research writing and experiment thereof.
- To render assistances/or grant aid to public charitable trust or institutions having objects similar to those of the trust.
- To acquire and hold movable and immovable properties in furtherance to the attainment of these objectives.
- To render benefit to the general public at large irrespective of caste, creed and sex whatever, and also for the development of the areas surrounding the institute.

INFRASTRUCTURE

BUILDING DETAILS

Name of the Block	Description
Admin Block	Administrative Office , Director's Office, Conference Room
A Block	Staff Office, Hotel Management HOD Office, Class Room, Auto CAD Lab, Common Room, Library-2 etc.
B Block	Departmental HOD Room, Faculty Rooms, Principal's Office, Accounts, Class Rooms, Departmental Labs (CE, CST, ETCE), Language Lab, Student Support Cell, Exam Cell, Placement Office etc
C Block	Workshop, Library-1, Logistics Office, Drwaing Hall, Digital Library etc.
D Block	Canteen, Staff quarters
E Block	Departmental HOD Rooms, Class Rooms, Machine Shop, CNC Room, Departmental Labs (AE, EE & ME), Seminar Room, Faculty Room, Computer Lab etc.

LABORATORIES

DEPARTMENT OF AUTOMOBILE ENGINEERING	DEPARTMENT OF CIVIL ENGINEERING
DEPARTMENT OF COMPUTER SCIENCE & TECHNOLOGY	DEPARTMENT OF ELECTRICAL ENGINEERING
DEPARTMENT OF ELECTRONICS AND TELECOMMUNICATIONS ENGINEERING	DEPARTMENT OF HOTEL MANAGEMENT AND CATERING TECHNOLOGY
DEPARTMENT OF MECHANICAL ENGINEERING	

CAFETERIA

The Institute have their own separate Canteen where very good and hygienic food facility is provided. Students and employees can take their all types of lunch or snack from the cafeteria.

Canteen area: 2500 sqf

Seat Capacity: 200

Food Quality: Good & Hygienic.

TRANSPORT

The institute is welconnected by both bus and train route. It is just 6KM away from Sodepur and Madhyamgram Railway station. Esplanade to Namazpara bus route is also available. The site is also 6KM. drive from DumDum airport. The institute provides bus and car service for the students. Bus service is available from both Sodepur and Madhyamgram station.

SAFE DRINKING WATER

The Institute have their own Water Treatment Plant Which supplies clear, filtered, ironfree water at each point of the campus.

INTERNET FACILITY

The Institute have dedicated internet facility with wireless Leased Line Internet connection from Airtel. A separate Lab has been allocated for the students to surf internet in the leaser periods.

LIBRARY

Total Books	9,983 (Reference: 6705, Text: 3278)
Total no of Journals	28 (National Journal - 24, International Journal - 4)
Total No of Title	763
Total No of e Journal	2 (JGATE Engineering & Technology, ASTM Digital Library)

Total No of News Papers	4
Total No. of e-Books	375
Digital Library Facility	Available
Reading Room Capacity	60

OTHER FACILITY

Coaching of GATE examination by highly qualified and experienced Faculty Members.

All the students are referred to a professional councillor to enhance their academic quality and motivation in weekly basis.

Grooming Classes from 1st year to 4th year.

Free remedial classes for all students in 2nd and 4th Saturday in a month.

All the Faculty Members take care of each and individual problems of the students very seriously.

Students who have higher attendance, can get free coaching of Aptitude & Reasoning and they can sit in the online professional test.

OUR COURSES

B.Tech

Course	Duration	Level
Civil Engineering	4 years	Degree in B.Tech
Mechanical Engineering	4 years	Degree in B.Tech
Electrical Engineering	4 years	Degree in B.Tech
Computer Science & Engr.	4 years	Degree in B.Tech

Diploma in Engineering

Course	Duration	Level
Mechanical Engineering	3 years	Diploma in Engineering
Civil Engineering	3 years	Diploma in Engineering

Course	Duration	Level
Fitter	2 years	Diploma in ITI
Electrician	2 years	Diploma in ITI

ANTI-RAGGING POLICY

RAGGING IS PUNISHABLE OFFENCE AS PER LAW - RESULTING IN IMPRISONMENT AND / OR HEAVY PENALTY

Ref: F.No.37-3/Legal/AICTE/2009 - In exercise of the powers conferred under Section 23 read with Section 10 (b), (g), (p) and (q) of AICTE Act, 1987, the All India Council for Technical Education, hereby makes the following Regulations

Ragging means causing physical and / or mental trauma to a person as a result of physical abuse, manhandling, using abusive language or gestures

or forcing to perform acts that may cause physical/mental damage.

Ragging is a social, cultural and psychological menace.

Students are urged not to indulge in any activity within or outside the campus that may be construed as or amounts to ragging.

Any student, if found involved in any such activity directly or indirectly shall not only be expelled from the Institution, but the matter will be reported to Police / Legal authorities, for further necessary action.

**All successes begin with
Self-Discipline. It starts with
you.**

DISCIPLINARY COMMITTEE

The Disciplinary Committee is constituted for the maintenance of Disciplinary in the college. The committee will ensure that students obey rules and remain orderly and peaceful in the pursuit of educational objectives/goals in the college.

INTERNAL COMPLAINTS COMMITTEE

In pursuance of UGC (Prevention, prohibition and redressal of sexual harassment of women employees and students in higher educational institutions) Regulations, 2015 read with Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and in partial modification of Office Order No. 449 dated 05.08.2016, Internal Complaints Committee (ICC) is constituted as under to deal with the complaints relating to Sexual harassment at work place.

SAY **NO** TO
RAGGING

ELITTE - CAMPUS LIFE

- Experienced and highly qualified Faculty members.
- High-end Laboratories.
- Sophisticated Language Laboratories.
- Active project guidance and Internship with reputed organizations, including TCS.
- Grooming classes through out the year.
- Soft Skill Training Programme in association with renowned experts /organizations.
- Well equipped departmental and instrumental seminar rooms.
- Modern Library with Book Bank. Digital books and multimedia facilities.
- Excellent record of placement through dedicated team for placement assistance.
- Tech and cultural festivals.
- Games and Sports activities.
- Separate common room for boys and girls with recreational facilities.
- Uninterrupted power back-up facilities.
- 50 Mbps internet facilities through leased line.
- 24X7 Wi-Fi connectivity.
- Vibrant and well - sanitized campus.
- Campus under CCTV surveillance.
- In-campus facility for Doctor and Psychological counselor.
- Most convenient location.

STUDENT'S AMENITIES

Health Care:

A Medical Unit is available in the campus. In addition the institute made an arrangements with nearby hospitals for emergency medical treatment.

Transportation:

Transportation is available from prominent locations in Kolkata at scheduled hours based on student's demand. Transport facilities for members of faculty and staff, as also for visitors, are available from Ruby Island.

Electric Substation & Generator:

The campus has its electric substation with two transformers-1000kva & 630kva- and three genres - 250kva & 380 kva, besides 100kva solar power. These are maintained as per prescribed by the CESC authorities.

Hostel:

..... and lodging facilities are available separately for boys and girls. Seats are limited and allotted on distance basis.

Banking:

A branch of Punjab National Bank is located with in the campus with ATM facilities for the benefit of students and members of faculty & staffs. It also extends various soft loans.

Postal Facilities:

All postal facilities are available at East Kolkata Township P.O. located nearby. Besides there is an arrangement with DTDC so that members of faculty, staff and students can also avail themselves of counter services.

Cafeteria:

The institute has an excellent cafeteria. Multi-cucusin

lunch and snacks are served in the cafeteria. Beside, a fast food restaurant-cum convenience store is also there.

Students' Corner:

Essential books, stationary etc as well as reprographics facilities are available in the corner.

Common Room:

The institute has separate Common Room for boys and girls, equipped with indoor games facilities like table tennis, carom, chess etc.

Games & Sports:

There are excellent facilities for outdoor games and sports like cricket, football, volleyball and basket ball managed by Sports Officer.

OTHER FACILITIES

Lecture and Tutorial Rooms:

Classrooms are very spacious, airy and equipped with overhead projector and modern magnetic ceramic based. Separate tutorial rooms are also available for special classes. Model classrooms are fitted with LCD projectors white screen.

Computing Facilities:

All degree awarding departments are equipped with own computer laboratories with sufficient no. of computers. The entire campus is Wi-Fi connected with multiple internet leased line for 24 hours for net surfing and online study. All students are provided with unique email id for learning anytime access to institute related information.

Auditorium:

There is an Auditorium(Swami Vivekananda Auditorium) with 500 seating capacity which is centrally Air Conditioned.

NATIONAL EDUCATION EXCELLENCE AWARDS, 2019

PLACEMENT HIGHLIGHTS (EIEM)

YEAR 2018-19 - 40+ Companies visited to placement till 31.12.2019 with placed **90% ME, 100% AE, 70% EE, 99% ETCE, 64% CST, 31.6% CE.**

Companies are: Shantinath Detergent Pvt.
